

*Digital Solutions that Empower Advocates and Survivors*

## WHAT IS LOOPED FUSION™

Looped Fusion is Looped Solutions’ principal B2B offering, empowering effective communication and collaboration between service providers and their clients by merging a collection of features specifically designed to ignite connection and engagement.

With Looped Fusion, you can select from a set of features tailoring the user experience to meet the needs of your clients. Plus, you have the flexibility to connect through either the Looped Fusion mobile app or Fusion Web (desktop/laptop access).

## LOOPED FUSION PURPLE BUNDLE

Our focus on delivering solutions for victim service providers and clients continues to be our primary mission. The Looped Fusion Purple Bundle includes specially designed features that enhance safety and reduce discoverability, offering advocates the ability to connect with their clients within a single communication and engagement system and victims to safely get access to the resources they need even if they are being tracked or monitored on their devices.
