

VELA ANNOUNCES PARTNERSHIP WITH LOOPED SOLUTIONS TO ENHANCE SUPPORT FOR DOMESTIC & SEXUAL VIOLENCE SURVIVORS

Vela, a leader in data collection and reporting for Domestic and Sexual Violence Programs, is excited to announce a new partnership with Looped Solutions, a pioneering cloud-based service delivery system. This collaboration aims to revolutionize the way agencies and advocates communicate with survivors of domestic abuse, offering enhanced support and safety.

Developed with input from advocates at every stage, Vela is designed to meet the unique data collection and reporting needs of Domestic and Sexual Violence Programs. By ensuring data is collected and compiled accurately in the format required by each funding source, Vela saves countless administrative hours. All survivor data is stored safely and protected from outsider access by end-to-end encryption, providing peace of mind to agencies and clients alike.

Looped Solutions is committed to making a difference through the development of innovative technology. Collaborating with domestic violence agencies, Looped Solutions has developed Looped Fusion Purple™, a customized cloud-based service delivery system that transforms how agencies and advocates communicate with victims of domestic and sexual abuse. Looped Fusion Purple™ includes specially designed features that connect service providers with their clients within a single communication and engagement system and allows victims to safely access the resources they need—even if they are being tracked or monitored on their devices.

KEY FEATURES OF LOOPED FUSION PURPLE™

- Safe Browser
- Disguised Access for Survivors
- SafeCalling
- Safe ID Code Access
- No Phone Number Needed
- Mobile App/WiFi Enabled

NEW INTEGRATION WITH VELA

Through this partnership, Vela organizations that choose to use Looped Fusion Purple™ will gain access to a secure direct messaging platform for connecting with survivors and sending appointment reminders safely. Importantly, none of this data is stored on Vela itself, and Vela does not share or pass any identifying information about clients to Looped Solutions through Looped Fusion Purple™. This integration is facilitated through client ID only, ensuring the highest level of privacy and security.

COMMITMENT TO SAFETY AND SUPPORT

Together, Vela and Looped Solutions are committed to enhancing the support and safety available to victims of domestic violence. This partnership represents a significant step forward in providing innovative, secure solutions for communication and support.
